Благотворительный Фонд

St. Petersburg, Russia, 17th December 2009 – The Russian Standard Foundation celebrated its second anniversary at a ceremony attended by St. Petersburg Governor Valentina Matvienko and over 150 children supported by the foundation.

Russian Standard Foundation's mission is to help talented children in Russia realize their full potential. Among recipients of Russian Standard Foundation stipends are students from general education schools, specialized schools, boarding schools and orphanages, as well as students from state universities who receive financial aid. In two years, the foundation has supported more than 600 students across Russia.

“Children symbolize the future of both Russia and the world, and helping them achieve their full potential is very important. We are thankful for Russian Standard Foundation's support for children in St. Petersburg and in all of Russia,” said St. Petersburg Governor Valentina Matvienko.

“Russian Standard believes that supporting children is an investment in Russia's future. The Russian Standard Foundation will continue to expand its work in order to ensure that as many children as possible are able to realize their dreams,” said Roustam Tariko, Chairman of Russian Standard Foundation's Advisory Board.

About Russian Standard Foundation

The Russian Standard Foundation is committed to helping promising students from underprivileged backgrounds reach their full potential. The Foundation ensures that Russia's exceptional youth have the opportunity to receive high quality education and take advantage of extracurricular activities that further their academic, career and personal development. Over 600 children from all around Russia received financial support from Russian Standard Foundation.
